Susan D. Roebuck : Fox Island Stories: The Good Life at a Small-Time Alaskan Lodge before purchasing it in order to gage whether or not it would be worth my time, and all praised Fox Island Stories: The Good Life at a Small-Time Alaskan Lodge:

1 of 1 people found the following review helpful. A "kid" grows upBy Nickolas TrubovSusan Roebuck was just a "little girl" when she first flew off to Alaska to live in a land of freedom and open spaces. In the years since that first

journey she has matured into an author of some remarkable insight. Reading this book made me feel as if I were actually there in the boat and on the island enjoying the pleasures and trials of such an enchanting and challenging adventure. I still wish I could go, but the visit, as portrayed in her recounting, was ALMOST as good as being there in person. 0 of 0 people found the following review helpful. interesting read By Tammy O. Enjoyed the book because I work in Seward, so am familiar with the nuances of weather/locals/Alaska life. 1 of 1 people found the following review helpful. An inviting and captivating transport to a wilder land By Midwest Book Review Fox Island Stories is Susan D. Roebuck's entertaining memoir and anecdotal stories of life in a rustic wilderness lodge on an Alaskan island and characterized by a rugged outdoor beauty. From encounters with wildlife, to the unceasing toil of hard work required to survive, to welcoming a variety of visitors and seeing the splendor of nature itself, Fox Island Stories is an inviting and captivating transport to a wilder land and the people who called it home. Also highly recommended are Susan Roebuck's coloring book for children age 4 through 8, Arctic Animal Babies: Pictures To Color (0922127042,[\$]).

An illustrated memoir of the good life at a small-time wilderness lodge. In a young man staked a land claim on Fox Island, near Kenai Fjords National Park in Alaska. Beginning in the early s, he, the author, and a curmudgeonly carpenter built and ran Fox Island Lodge for seven eventful years. This is the same island that inspired Rockwell Kents classic, Wilderness (New England Press, first published in). Susan Roebuck writes of passion and particularity about the people who inhabit her fully engaged life and provides glimpses into the rugged beauty of the Alaskan terrain and the mystical grandeur of the New Mexican landscape. In sharing her hard-won wisdom and maverick sensibilities, she empowers all of us who long to live courageous, spiritually enriched and autonomous lives.

Roebuck writes of Alaska with passion, sharing her maverick sensibilities. -- Calder Lowe, The Montserrat
