The Strip is world famous and not only for the casinos, but also for the many things to see and do. Of course, a lot of what you can do here costs money, but there are a number of things to do that are free. This book is a self-guided tour, taking you step by step down the Strip to visit all of the notable free things to do. This excludes most of the photo opportunities, because the entire length of the strip is filled with places to take a photo of you, your friends and relatives. Only a few places of interest, directly in our travel path, are mentioned. Also, shopping sites have been excluded except for three unique stores of interest on the Strip. The trip begins at the Welcome to Fabulous Las Vegas sign and ends in the downtown portion of Las Vegas Blvd. This is the old section of Las Vegas and is not considered a part of the Strip. I have included it to provide a complete Las Vegas experience.
