James Glendinning : From Big Bend to Carlsbad: A Traveler's Guide (W L Moody, Jr, Natural History Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised From Big Bend to Carlsbad: A Traveler's Guide (W L Moody, Jr, Natural History Series):

2 of 3 people found the following review helpful. Great guide to the Big Bend country and small W Texas townsBy Julie98125James is a BB owner in Alpine, Texas, and he knows this country! I used Jim's book to help me plan my own trek through West Texas while researching the Texas guide for Lonely Planet. Definitely worthwhile, even if it's becoming just a bit dated.

Book by Glendinning, James

From Library JournalA veteran of the travel business, Glendenning settled in Alpine, Texas, as an innkeeper. Finding that little has been written about this corner of Texas, he researched and wrote this traveler's guide about Big Bend, Carlsbad Caverns, Guadalupe Mountains, and other state parks in the region. Besides giving the major routes, the author provides alternate routes, mileage, fees, seasonal temperatures, hiking trails, and special events. Dining information details the type of meal one might expect, with prices. Lodging information includes phone numbers, prices, and when to schedule reservations. Also listed are sample itineraries from Alpine to the basic sites in the Big

Bend area. While there are too few maps and some uneven historical information, this book is heartily recommended for public libraries. ?Kathy Ellerton, Missouri Research Education Network, Columbia Copyright 1995 Reed Business Information, Inc.
