18 of 19 people found the following review helpful. read first-book laterBy steve jacobsonAfter booking my cruise, I ordered and read this book and realized that the ship I chose was not really the type of cruise I was looking for. I hope the cruise is better than by current expectations. This rates the ships, food, services and destinations. It also helps you match your life styles with the ship's ammentities. It covers the the ports but could offer a little more information on side trips and lunch stops.
