Lisa M. Legarde : Frommer's 97 New Orleans (Frommer's Comprehensive Travel Guides) before purchasing it in order to gage whether or not it would be worth my time, and all praised Frommer's 97 New Orleans (Frommer's

Comprehensive Travel Guides):

From romantic French Quarter guesthouses to oysters Rockefeller at Antoine's, Frommer's covers the best of New Orleans. There's an entire chapter devoted to Mardi Gras, the Jazz and Heritage Festival, and the city's incredible year-round calendar of festivals and events; offbeat ways to have fun, from a streetcar tour to the Voodoo Museum; excursions to Cajun Country and nearby plantation homes; and, of course, the glorious jazz scene.
