before purchasing it in order to gage whether or not it would be worth my time, and all praised Frommer's Alaska Cruises and Ports of Call by Fran Wenograd Golden (Feb 7 2012):

7 of 7 people found the following review helpful. Glad I Bought the Kindle EditionBy R. BastianI am pleased with this Kindle book. I was able to navigate the book and find pages again (sometimes harder to do with a Kindle book). I will bring my Kindle with me on my Alaskan cruise and be able to reread sections as needed. I don't have to lug the actual book with me!One negative about this book is that it spent a great deal of time discussing individual cruise lines and ships. I am already booked on my cruise, so I wanted to read about the ports of call, excursions, etc., not about which cruise to take.4 of 4 people found the following review helpful. Best Alaska Cruise BookBy Cali SindyOut of seven books that we bought for our Alaskan Cruise this was our favorite guide book. It was easy to read and very informative and detailed on each cruise ship. It helped us to pick the cruise ship and experience that we were looking for. Each Port of Call listed in the book, has a nice easy to follow map with attractions pinpointed on the map. This was the only book we took with us on our cruise.2 of 2 people found the following review helpful. Guide to AlaskaBy Piet van NiekerkThis is a valuable tour guide for newbie visitors to Alaska. Comprehensive and precise.

Recommended as a must have for new tourists.
