informative book on this subject I have found, by far. It is a must if you are considering booking an Alaskan cruise. It rates all the ships and companies, large and small and gives great information on all the ports that are visited by these ships. Certainly a great resource to help you book the type of adventure that fits your style! 0 of 1 people found the following review helpful. A must read! By L. Clemens This is a very well written, organized book for anyone planning to travel to Alaska by cruise ship. It contains very helpful information comparing cruise lines, also. I highly recommend this book.
