Karl Samson : Frommer's Arizona 2008 (Frommer's Complete Guides) before purchasing it in order to gage whether or not it would be worth my time, and all praised Frommer's Arizona 2008 (Frommer's Complete Guides):

HalvorsonArthur Frommer's Budget Travel is alive and well (we all travelled Europe in another lifetime with his "Europe on Ten Dollars a Day" as our Bible). This book could be better, as he needs new spunk and research from his

writers, but we have used this one yearly for six years during Spring Break in Arizona. I have travelled in 73 countries and always use Frommer and Lonely Planet, who cover nearly everywhere (the fun was when there were NO travel guides!) and we buy THREE good alternative guidebooks, and then glean the best hints from each. Don't use JUST this book, as you will miss many good things, as Frommer has gone overwhelmingly Middle Class - if such a thing still exists - and doesn't really explore ANYTHING in depth in this series. Still, you will find secret historical treasures, hotels and restaurant finds such as not covered in the "Standard" travel guides. Even the State of Arizona does a pretty poor job of truly promoting all the wonderful things that they have to offer, so as perhaps our most complex State from a scenic, geologic and cultural viewpoint, you will find that you can spend years travelling Arizona and still have more to explore! That is enough and the BEST REASON to buy this book! Great hints from an alternative viewpoint! HINT: Buy THREE Arizona Travel Guides from .com to give you your best travel experience!4 of 4 people found the following review helpful. reliableBy M KaireyI used this guidebook on my recent trip to Arizona. It was accurate and a handy guide to have. It did not, however blaze any trails. What I mean by this is that the author does not uncover many gems, but gives precise information about what is fairly well known. Also, like many guidebooks, does not want to give thumbs down to any tourist attraction. For example, we went out of our way leaving the grand canyon to visit the Cameron Trading Post, which is a quaint sounding name for an overpriced store of Native American handiwork. The author did say that the Trading Post sold some fine and expensive products, but did not say that it is an overpriced tourist trap. Had he wrote this, it would saved us wasted hours.However I gave the book 5 stars because it did help alot on our trip.7 of 7 people found the following review helpful. WORTH THE PRICEBy Sookie StackhouseThis was an excellent guide for people who have never been to Arizona. You can't get lost with it. The way it's organized makes it easy to read. You can go directly to the section you need without wasting time flipping the pages.

In 2005, 15.8 million U.S. travelers visited Arizona. The Boulders Resort Golden Door Spa was voted the best spa resort in the U.S. at the 2006 World Travel Awards.

From the Back CoverFrommer's. The best trips start here. Experience a place the way the locals do. Enjoy the best it has to offer. Insider tips on Arizona's best active vacations, bird-watching spots, Indian ruins, golf courses, and luxury resorts. Outspoken opinions on what's worth your time and what's not. Exact prices, so you can plan the perfect trip whatever your budget. Off-the-beaten-path experiences and undiscovered gems, plus new takes on top attractions. Find great deals and book your trip at Frommers.comAbout the AuthorKarl Samson lives in Oregon, where he spends his time juggling his obsessions with traveling, gardening, outdoor sports, and wine. Each winter, to dry out his webbed feet, he flees the soggy Northwest to update the Frommers Arizona guide. Karl is also the author of Frommers Seattle and Frommers Washington State.
