Very good guide book, especially for those with kidsBy Gregory FungThis is a very good guide book in its comprehensiveness, ease of use, helpful "star" rating system and special effort to make note of good family activities/locations. If you have kids, this is a great choice! However, because this

book is written by one author, I don't find it equally strong in every category. But overall, it's very good and I recommend it! 0 of 0 people found the following review helpful. Five Stars By John S Shigemura Great guide! Thanks 1 of 1 people found the following review helpful. Very Helpful By E. Fuechl It has many useful reviews of hotels in the area that helped me to make a decision as to which one to stay in. There are also many maps with various themes such as restaurants, hotels, and attractions.
