Excellent overview to prepare for trip to WDW and beyond!By Cuauhtemoc C.This excellent guide was my primary resource to prepare for an upcoming trip to Orlando. I found the writing style engaging and the information comprehensive. You'll find an in-depth look at WDW parks and tips to make the best use of your time. I was also delighted to find overviews of all key attractions in the area including Universal Studios, SeaWorld, and even Busch Gardens! You'll also find advice on where you can get away from it all to recharge. Also included are dining, transportation, and accomodation information. I found this to be the perfect guide to prepare for our trip.1 of 1 people found the following review helpful. Great guidebookBy SybTo the point. Tells you what is and is not worth your time and \$\$\$. Concise without a lot of extra words. Also has very good maps0 of 0 people found the following review helpful. Out of DateBy Karen R.Unfortunately its quite out of date, even though only 2 years old.

Selling for a lower price than any similar guidebook, and deliberately limited to a short 256 pages, this EasyGuide is an exercise in creating easily-absorbed travel information. It emphasizes the authentic experiences in each destination:the most important attractions, the classic method of approaching a particular destination; the best choices for accommodations and meals; the best ways to maximize the enjoyment of your stay. Because it is "quick to read, light to carry", it is called an "EasyGuide", and reflects Arthur Frommer's lifetime of experience in presenting clear and concise travel advice.
