Love the maps and organizationBy CustomerNot only are the descriptions of wineries, towns, and things to do useful (including hours prices), but there are maps of every sort of detail, perspective, and resolution: a front cover fold-out map of the general region, a heavy-duty removable map in a snapped plastic cover that details the different areas of Napa Sonoma with locations of each winery, and high resolution small maps of many of the more interesting towns along the way indicating where restaurants, wineries, shopping, and sites of interest lie. We've never been to this area and appreciated the suggestions for seeing the various areas in 1, 3, 5, or 7 days. Also helpful info for kids, bikers, and non-drinkers. I'd definitely bring this small treasure along again.1 of 1 people found the following review helpful. A great guideBy MaggieLAs with all Frommer's guides, this book has great info on what to see and do - enjoyed the Napa and Sonoma version. All the info was accurate for the places we visited. And we discovered some great tips - like "Bee Driven" - drivers that drive you around all day in your car (even a rental) while you visit wineries! No worrying about drinking and driving!1 of 1 people found the following review helpful. Helpful for planning a vacationBy Laura LynnI bought this book to use it as a planning guide for an upcoming trip to San Francisco, Napa and Sonoma. I was pleased to find out it had a section on San Francisco as well as the Wine Country. It is concise, with helpful descriptions of lodging, restaurants, and vineyards. The map does not look great for driving directions, but it does give you an idea where the different vineyards are located. Overall, I would recommend this book.

These attractively priced, four-color guides offer dozens of neighborhood and thematic tours, complete with hundreds of photos and bulleted maps that lead the way from sight to sight. Day by Days are the only guides that help travelers organize their time to get the most out of a trip.
