But a few years later, I'm still using it for ongoing trips. Very helpful maps, bus and subway information. I try to do at least one or two recommended "MUST SEE's" on each trip too. 11 of 11 people found the following review helpful. Ideal Resource for First Time Visit to NYC! By Jane Smith This was the perfect book for our first trip to NYC. The subway lines were accurate and easy to use. The fold out maps were perfect! All of the attractions are here with key tips, directions, and insider info. Follow the mapped out walking tours and you'll definitely see The New York that you imagined. The hotel info was okay, but more accurate info is available online. We'll definitely use our book again for the next trip to New York. Overall, this is a well thought book, and the perfect size to fit in your purse. 1 of 1 people found the following review helpful. nyc info By Linda L. Mallory I bought this right before my 3-day trip to New York. The maps inside are great! We also used it for ideas on what places to hit during our trip. It's small and compact, easy to carry around. Would recommend it.
