I found that it had good information on the locations it covered.However, there is no information at all on some cities. For instance, we were going to Oswego on a recent trip, and it is not mentioned in

any way. We did find some helpful information on most of our destinations on our recent trip to upstate New York. 4 of 4 people found the following review helpful. Covers the entire state By Kindle Customer It's hard to find a guide book that actually covers all of New York State, but this one does a great job. There are features on small towns, the cities and everything in between. It's organized by region, which is quite helpful for a large, oddly-shaped state like New York. 0 of 0 people found the following review helpful. good book By Sam the golf nut The book helped us to plan our trip. It was as advertised and shipped promptly
