**Marie Morris : Frommer's Portable Boston** before purchasing it in order to gage whether or not it would be worth my time, and all praised Frommer's Portable Boston:

DubinskyBought this for a trip to Boston this past December and the tips to places were great but the text was small, even for a portable guide. The maps were hard to read so I had to go find one at a tourist center too. I definitely enjoyed the details about restaurants and hotels that were affordable and places to visit but it could have been easier to read with more breaks.0 of 0 people found the following review helpful.
