SpanbauerGreat maps for the city and the superior Light Rail system.We couldn't hit all of the highlights detailed in this little gem of a guide, but had we knew where to go when we had free time!Easily organized and up-to-date. We especially loved the Lan Su Chinese Gardens Tea House, Saturday market, Powell's City of Books and the food carts (food pod) for lunch. Would love to return to Portland soon and use this guide to see more of the sights in this vibrant city. Highly recommended!3 of 3 people found the following review helpful. Great little GuideBy M. GeissellI have always been a fan of the "Day by Day" series. Very condensed information with meaningful illustrations. It might not be perfect for people who move to the area and want to know the very last detail, but you can't beat it for week-end or week-long trips. I'll continue to buy this series!1 of 1 people found the following review helpful. compact dynamoBy Ken KuglerThis travel guide is very compact and will fit in your back pocket or inside jacket.
