I had a 3 night stay in San Diego. I stayed downtown near the bay, but Frommer's pointed out many places for me to see during my stay. Highlights: driving north along the coast and stopping in La Jolla Cove, Del Mar, and a bit farther north. Point Loma is definitely worth the drive. Also, I took a drive over to Coronado. Great views and places to eat near Hotel Coronado. Will definitely hold on to this book for my next trip to San Diego.

We used this book for a 5 day trip to San Diego. It was a great guide and perfect for our trip. Good suggestions for top things to see and do. The hotel section is lacking and I would stick with other guides or online searches. We really liked it because it was easy to carry around and didn't have lots of extra information that you don't need. We have started using Frommer's pocket guides for all of our trips to cities for long weekends -- Chicago, San Diego, and Boston.

Includes special-interest tours that appeal to families and golfers, plus an in-depth look at the museums, gardens, and architecture of Balboa Park (including a tour of the famed San Diego Zoo) Neighborhood walking tours take travelers through the Gaslamp Quarter, La Jolla, and Coronado, and more An outdoors chapter highlights the area's best beaches and recommends hikes in Torrey Pines State Park With day trips to Julian, Tijuana, and the Anza-Borrego Desert
