The best advice in the book was to buy the Go San Diego! pass. We bought those and made the most of them, saving a lot of money in the process. We also made

extensive use of the restaurant and hotel reviews in this book. Overall, a high-quality guide that seemed up to date and was generally helpful!10 of 21 people found the following review helpful. Beware - there is no "fold-out full color map"By rudsterThis just arrived today, and there is NO "fold-out, full color map", contrary to what is clearly stated in the description. The only color maps are the trolley system on the inside front cover and the major highways on the inside back cover. I'm very disappointed that would allow this incorrect description.2 of 3 people found the following review helpful. Not my kind of travel book.By Jeff CommissarisThe San Diego map could be helpful, which was included with the book. However, I guess I shouldn't have expected more than a hype of the typical touristy restaraunts and areas that week-long vacationers tend to flock to. Not really the way I'd like to see San Diego, but others may find otherwise, and that this book is useful.
