Jeanne Cooper, Shannon Wianecki : Frommer's Shortcut Hawaii Big Island (Shortcut Guide) before purchasing it in order to gage whether or not it would be worth my time, and all praised Frommer's Shortcut Hawaii Big Island (Shortcut Guide):

2 of 2 people found the following review helpful. Two StarsBy davieThe little book is too concise to be very useful.2
of 2 people found the following review helpful. This is a good book if you don't want all the detailsBy KPThis is a
good book if you don't want all the details. Shortcut means shorter book, thus there was a lot left out. If you don't

really want to explore the island much, then it is OK.0 of 0 people found the following review helpful. Good resourceBy KatalinaThis is a nice book, but seems more "shrunken" than those from other years. Good, reliable information for a beautiful destination.

An essential stop for any visitor to Hawaii, the "Big Island" of Hawaii features the unforgettable active volcanoes of Volcanoes National Park (a World Heritage site), ranches tended by Hawaiian cowboys, beachfront hotels of every size, historic local towns, superb shopping, and more. And this pocket-sized Shortcut Guide covers the best of them. It gets immediately to the point, and confines itself to the vital facts about lodging, dining, sightseeing, sea-bathing, golfing, and shopping, supplying the exact amount of detail that many readers regard as sufficient. The price of each book is refreshingly low, the usefulness excitingly high.
