book in 2 days as promised, with free shipping thanks to Prime (Yey!). Was reluctant to order at first but now couldn't be happier that I did. Great little book, not too heavy to lug around, comes with a fabulous removable downtown map (general area map on side, same thing in detailed grid version on the other). Has metro map as well on back inside cover - another awesome feature. Picked up the book last night to skim and "assess" the quality of the book, and I ended up reading in it for about 30 minutes. Easy read, with excellent pointers on virtually everything. Now I don't feel as anxious about my trip and look forward to the adventure! No pictures, but who cares. Look them up online. Fab find!

I was able to see a lot of DC in the time I was there by preparing in advance what I wanted to do and when. Travel books such as this one are a great help and worth every penny.
