They cover what you need to know when hiking. Their mileages and elevation are always correct.0 of 0 people found the following review helpful. Getting out and exploring...By HMS WarspiteTom Harrison Maps are very user-friendly, with big, easy-to-read graphic presentations, and trail mileage broken out by trail segment. This Pine Mountain Trail Map covers an area in Marin County, California, north of Mount Tamalpais. It includes most of the trails in the Marin Water District, along with portions of the Coastal Trail above Stinson Beach and Bollinas Lagoon. The upper portion of the map covers a variety of hiking, biking and horseback riding opportunities off upper Sir Francis Drake Boulevard, in the San Geronimo Valley and along Big Carson Ridge. The map sheet is plasticized and tends to survive moisture and repeated folding pretty well. Highly recommended as a hiking aid.

This is a little-known area in Marin County, just west of our Mount Tam map. It is very isolated and used by mountain bikers and horse riders. The scale is 1:24,000 (1 inch represents 2000 feet) the contour interval is 40 feet.
