Lawrence E. Nielsen, Doug Newman, George McCart : Pioneer Roads In Central Oregon before purchasing it in order to gage whether or not it would be worth my time, and all praised Pioneer Roads In Central Oregon:

1 of 1 people found the following review helpful. Nielsens are pioneers too....!By Northwest ReaderBy far, the most under-appreciated and brilliant book I have ever read. When I consider all the miles that Nielsen and his long-suffering wife put in, on all the baking wagon tracks that crisscross Central Oregon, I know that all those who enjoy retracing history's step owe them a GREAT debt of gratitude. The maps are not great, as they were simply copied from old Metzger maps, with stars drawn in, marking the roads. But the background information is good, and the painstaking field work is amazing. Well-done, Nielsens!
