Lew Freedman : Pittsburgh Steelers: The Complete Illustrated History before purchasing it in order to gage whether or not it would be worth my time, and all praised Pittsburgh Steelers: The Complete Illustrated History:

0 of 0 people found the following review helpful. great read- great collector's item for the shelf- great priceBy A. T. GoddardI had to buy this book off as it is now out of print- as it is a little out of date (from last decade history missing)but- this book is still incredible and I not only purchased it once as a gift for my Pittsburgh born and raised brother, I purchased it again for my Steeler loving best friend back in the burgh. They both loved it and I believe have it as a coffee table book now.I highly recommend- especially if you can get it under 10\$ - snatch it up or give as a gift!0 of 0 people found the following review helpful. My husband loves this book...By Kathleen JonesMy husband loves this book, it is very well done, colorful and full of information and facts. He is a die hard Steelers fan, had seen this in a library we were visiting and wanted it for his collection. I found it on and now it is part of his library collection.Well worth the money.....0 of 0 people found the following review helpful. Great pictures and nice reviews of Steeler historyBy MattNice review of the Steelers throughout history. My favorite part doesn't apply to most readers--itwas the wide aerial shot of Super Bowl IX. The angle was wide enough that I was able to see what would later be my freshman dorm, as well as Bruff Quad where I had my own brief moments of football glory.

Pittsburgh Steelers: The Complete Illustrated History documents the great moments in a tradition that stretches back more than seventy-five years and offers an unmatched legacy of success. Fresh on the heels of a record sixth Super Bowl victory, the Pittsburgh Steelers are a team steeped in history and success. The roster of players who have donned the black and gold reads like an all-star team, and the 1970s dynasty alone featured nine players currently enshrined in the Pro Football Hall of Fame. This book celebrates those players and many more, as well as coaching legends such as Chuck Noll and Bill Cowher, and the passionate fans throughout western Pennsylvania and across the nation who have never failed the team that never failed them. Lavishly illustrated with color and black-and-white images from throughout the team's history, Pittsburgh Steelers brings to powerful life the on- and off-field exploits of this iconic franchise.

From the Inside FlapNo franchise in pro football history has experienced the success that the Pittsburgh Steelers have over the last forty years. But the Steelers, proud owners of six Super Bowl trophies, faced a long and, at times, difficult journey to get to the pinnacle.
