**Walter C. Kidney : Pittsburgh Then and Now (Then Now)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Pittsburgh Then and Now (Then Now):

0 of 0 people found the following review helpful. Great addition to your library! By Susan Hart After taking a river cruise, my interest in our city's history piqued. I bought this for my husband as a reminder of our trip and we both have really enjoyed it. You can pick it up and then come back to it. The comparison photos of then and now are awesome. My mother has lived in and around Pittsburgh all her life and she loves history. She'll be receiving a copy by Christmas, if not sooner! It can be a coffee table book or one for discussion starting. If it is out, it will be picked up and looked at. Enjoy it, Burgh Buffs! 0 of 0 people found the following review helpful. Five Stars By Carl F. Smukall Great images of how Pittsburgh has transformed. 0 of 0 people found the following review helpful. Love this book! By Book Lover I lived in Pittsburgh as a child many years ago and really enjoy the pictures and descriptions. I love the layout with old pictures and newer ones of same location on opposite pages. My 97 year old mother lived in Pittsburgh for much of her life and this book brings back so many memories for her. Thank you, Mr. Kidney!

Pittsburgh Then and Now matches historic images of the early city with modern photographs that show the city as a compact blend of old and new buildings. Downtown, the office blocks are punctuated by the traces of Pittsburgh's industrial heritage, the so-called "sliver" warehouses. Further out, there are older stone structures such as the Burtner House and the block house at Fort Pitt.

About the Author The Pittsburgh History Landmarks Foundation (PHLF) was founded in 1964 by a group of citizens who passionately believed that historic preservation, rather than massive demolition, could be a tool for renewing

communities, building pride among residents, and achieving sustainable economic development.
