**Robin Klein, Paul Koberstein : Portland (City-Smart Portland)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Portland (City-Smart Portland):

1 of 1 people found the following review helpful. Great Book, With A Few OmissionsBy The Footpath CowboyCITY SMART: PORTLAND is a great guide to the Portland, OR, metro area, with lengthy discussions on all the culture, recreation, dining, shopping, and other stuff you'll need to know while visiting there. However, the radio station listing comes up very short, failing to include rock stations KUFO, KRVO, KINK, and KGON. Other than that, though, this book is wonderful, so don't pass it up.0 of 0 people found the following review helpful. great guideBy Kerry PyneThis book is definitely a solid guide for the tourist and none too shabby as familiarize for the adventurous soul willing to move to Portland without a visit.35 of 35 people found the following review helpful. An excellent book!By E. R. BirdI loved it. It was funny and witty and interesting. For the person moving to Portland, this book is for you. It outlines the areas where one should and should not live. It give detailed and interesting reviews of everything from children's parks to gay bars. It illustrated the history of Portland perfectly and was a hoot to boot. Five stars!

Newly revised and updated, this City Smart guide includes a new chapter covering microbreweries; covers hiking trails, golf courses, and skateboard parks; and features the ten Coolest Corners in Portland and a special on "How to Speak Like a Local" section.
