Wonderful map bookBy Mary AnnOur old, well worn copy of "Portland Map Book" was falling apart and I was unable to find one locally, so I was delighted to find it on ! Its coverage is more than adequate for our needs and most important of all (compared to other map books), we don't need a magnifying glass in order to read it!0 of 0 people found the following review helpful. Great Light Weight Map w/ Details!By Raymond GrieselhuberThe Map Book helped me a lot when we visited Portland. It has streets info in details, and the whole map of Portland area was useful to find out alternative way of avoiding traffic during rush ours. It's not heavy like Thomas one, so I carried around it with me all the time!
