Inc. Arrow Map : Portland/South Portland (City Slicker) before purchasing it in order to gage whether or not it would be worth my time, and all praised Portland/South Portland (City Slicker):

My daughter recently moved to Portland and this map was very helpful not only in finding specific streets but in seeing areas of town and their relation to others. It is laminated so no worries about spilling on it, and it folds section ally so you don't have to open the entire map if you don't need to. Very practical and helpful.

This city slicker shows highways, major roads, airports, schools, police and fire stations, post offices, libraries, beaches, marinas, hospitals, golf courses , points of interest and much more. It also includes detailed maps of the southern Maine seacoast and downtown Portland. Out of towners can travel with confidence when using Slicker maps. Easy to handle and easy to read, Slickers fold and unfold in a flash. Slickers are laminated which makes them markable and very durable, withstanding everyday usage during any travel itinerary you plan.
