We are from the NH seacoast and love looking at the pics since we moved away. Great book.2 of 2 people found the following review helpful. Nice picture book of the SeacoastBy a guy in U.S.A.This is basically all pictures so it won't take you long to go through it. I read it and then passed it onto my Aunt because she lives in that area. Very nice pictures but the book is not very many pages so it is a quicky.

A mix of colonial, revolutionary, and industrial age architecture with natural beauty, Portsmouth and coastal New Hampshire has become a popular destination for its fine dining, summer festivals, and historic homes. Nearby Newcastle, Rye, The Hamptons, Seabrook, and the Isles of Shoals each hold onto their distinctive personalities as the coast winds from sandy beach to rocky harbor.
