Katharine Fletcher, Eric Fletcher : Quebec Off the Beaten Path: A Guide To Unique Places (Off the Beaten Path Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Quebec Off the Beaten Path: A Guide To Unique Places (Off the Beaten Path Series):

7 of 7 people found the following review helpful. Poorly Written Trip ReportsBy thunefeldI thought I would discover

some truly cool places in the book, but it's essentially a rambling disjointed account of some of the author's private day trips or brief vacations -- written with the skill of a high school sophomore. Lots of fluff. You would be better served with a Lonely Planet or Moon Guide coupled with some TripAdvisor searches. 2 of 2 people found the following review helpful. Look elsewhere for a Quebec guidebook
By Abigail McGregor
This is a useless guidebook. It's just one resident's rambling comments about his own home area and provides nor orientation nor tips for the traveler. 7 of 7 people found the following review helpful. Chatty and Superficial
By J. M. Walker
The descriptions of places and hotels and restaurants are so generic and superficial that I would not trust any of them. The authors convey very little sense of place and talk about themselves far too much.

Explore Qubec's spectacular cities and vibrant countryside, including a small town founded by German immigrants, get physical by biking a 200-kilometer bicycle route, or feast on the catch of the day at a seaside cafe.
