Love this author and book!!!By Valerye CLove this author and book. An enjoyable and informative read. If you know someone interested in the history of New Orleans this would be a great gift for them

Harnett T. Kane encapsulates the leading touristic images of New Orleans born during the interwar years. His piece also reveals how guide writers and defenders of local culture claimed personal contact with exotic inhabitants, such as Creoles, whom tourists might not otherwise encounter. Illustrated with 32 pages of black and white photographs.
