Excellent GuideBy mark martinUp to date with many resources for both the first timer and twentieth timerHighly recommend and good for portable Kindle on phone1 of 1 people found the following review helpful. Great guide for New Orleans LGBT visitors.By TravelerMSYNew Orleans gay local here. I had a chance to review Paul's book and just wanted to say it is an excellent snapshot of the New Orleans scene. While you might find similar advice online, Paul's curation and writing style makes this book a much better travel

advisor than just searching Yelp. It is a pleasure to read, and it is very well priced. Buy it before your trip and read it on your phone or tablet on your trip. 1 of 1 people found the following review helpful. A great guide for both visitors and locals. By NOLA Judy I barely had the book in my hands before friends were asking to borrow it. Best comment I heard from a gay male pal was, "I've lived here for years and there is still a lot of new info here for me."

A friendly travel guide to New Orleans for gay, lesbian, bisexual, queer and trans visitors. Everything from local resources to bars to shopping to culture and of course, Mardi Gras and the city's queer festivals.
