**Christine Cunningham : Quick Escapes From Portland, OR: The Best Weekend Getaways** before purchasing it in order to gage whether or not it would be worth my time, and all praised Quick Escapes From Portland, OR: The Best Weekend Getaways:

2 of 2 people found the following review helpful. great escapesBy MissKatieSo I had to look hard for a book like this that was just right. At my library, they had a book that had quick escapes from Portland, Seattle, and Vancouver, BC, but all I wanted were trips out of Portland, and luckily, I found this. The downside of it is that it is mainly Oregon trips, with I think only one or two trips going into Washington (like to the coast, and maybe Mt. St. Helens, too). I thought it would've been better to have, say, a trip to Seattle or Leavenworth also included since they aren't that far (much closer than a one- or two-night trip to Idaho/very western Oregon that is included in the book). But it gives

great ideas for where to stay and eat, and also lists festivities for the location that occur throughout the year.

Quick Escapes From Portland, OR takes the work out of trip planning and features easy-to-follow, carefully planned itineraries for 36- to 48-hour getaways from the metropolitan area.
