This book is neat because there are a lot of unexpected places to visit in the NYC area. I would definitely recommend this book. Gives pictures, hours and transit. 0 of 0 people found the following review helpful. Just the Thing for Some of us, Anyway By K. E. Brown Perfect book for me anyway! It has several sections, with one page devoted to each. Some of the spots/suggestions I was already aware of so I'm able to gage the book's quality from my own experience (very good). I can't wait to try out more spots from this book! 1 of 1 people found the following review helpful. Great hidden gems book By Kimberly D. Campbell Love finding out about hidden gems!
