Siobhan Wall : Quiet Paris before purchasing it in order to gauge whether or not it would be worth my time, and all praised Quiet Paris:

14 of 15 people found the following review helpful. Neat Little BookBy vm2This is a neat, compact, little 2013 book, with nice photographs on each page, along with very concise descriptions of places that are very interesting -- some familiar to me, many not. I will be certain to visit several on my next trip to Paris. This is a book for people who love, or can love, Paris. It is quiet in its appearance, in its presentation and in its choice of quiet parts of Paris. It is not a book for people on a whirlwind tour nor those who do not understand why people visit Paris for more than 2 days. It has an index arranged by arrondissement, as well as a table of contents.0 of 0 people found the following review helpful. If you love Paris, if you're a fan of photographyBy let me tell you what I thinkThis is a beauty of a book. If you love Paris, if you're a fan of photography, you'll fall in love with Quiet Paris0 of 0 people found the following review helpful. Made my visit!By JSMade my visit!

Paris is a beautiful city with astounding architecture and world-famous museums and restaurants. Because of its many attractions, however, it often feels as if there is nowhere to escape from the crowds. Siobhan Wall, author of Quiet Amsterdam and Quiet London, has sought out hidden, tranquil places so that Parisians can find some respite from their busy lives. She has gone in search of small museums and cafes so that visitors to the city can discover another, quieter side to this entrancing metropolis. From formal gardens to light-filled art galleries, chic boutiques, small tearooms and gourmet delicatessens, Quiet Paris has over one hundred and twenty tempting places to savor the quiet delights of this

most seductive of cities.

'A book that will tempt you to wander off the beaten track next time you visit Paris.'
