Hunter Publishing is proud to offer travelers this collection of unique titles that are not part of any series and often stand alone in their field of coverage. The eclectic selection of topics includes cultural and historical travel, as well as books that are tailored to specific interests, such as golf, fall foliage or cruising. All books are written to the high standards you expect from Hunter and provide detailed, up-to-date information. Maps and photos complement the informative text. A backroads ramble along the New Hampshire border; Bash Bish Falls; Bartholomew's Cobble. Directions, what to see, where to stay eat. Phone numbers, maps, drawings. Local authors reveal their favorite spots.

.com If you're living a hectic lifestyle, Quiet Places of Massachusetts will make you want to pack your bags immediately and head for New England. If you already live there, this book will help you get to know its peaceful secrets even better. With several New England guidebooks to his name, Tougias is an able and experienced guide to his home state. His tour of Massachusetts's pastoral areas is organized by region and includes western, central, and eastern Massachusetts as well as Cape Cod. For each region, he includes itineraries that wind through historic towns, along rivers, and across covered bridges, as well as a hand-drawn map that makes it easy to follow the route he lays out. Phone numbers for parks and other local attractions are listed, as well as a few lodging suggestions. Outdoor lovers especially will appreciate this book, which points out good places for hiking, biking, birding, and watching wildlife. Tougias blends history and personal anecdotes with his travel information, making this first-person guidebook a pleasure to read even if you only get as far as your couch. --Rebecca Agiewich From Library Journal Massachusetts, known for great universities and cosmopolitan cities, is also home to rural areas of natural beauty. Tougias, a native New Englander and passionate conservationist, offers a combined history and personal travelog to places "off the beaten path" throughout the state. Tougias is in search of the picturesque and secluded sites. Arranged by region, her book is full of folksy chatter about local residents and her own exploits; directions and phone numbers of places to stay and particular sites to see are sketchy. Recommended for regional collections. ?Janine A. Reid, Jefferson Cty. P.L., Lakewood, Col. Copyright 1996 Reed Business Information, Inc.
