Alex Wilson, John Hayes : Quiet Water New York, 2nd: Canoe Kayak Guide (AMC Quiet Water Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Quiet Water New York, 2nd: Canoe Kayak Guide (AMC Quiet Water Series):

This completely revised edition of AMC's best-selling Quiet Water guide—the first new edition in 10 years—reveals more than 100 spectacular ponds, lakes, and rivers ideally suited for canoeing and kayaking. From the Adirondacks to the western plateau and south to Long Island, the waterways described in this updated guide offer access to unique water adventures for beginners and experienced paddlers, birdwatchers and anglers, families with children and active seniors. Each easy-to-read trip description features a map and photograph of the destination, plus details of the suggested paddling route and the flora and fauna to be seen along the way.

New York, among its many attractions, is a flat water paddlers paradise—finally we have a guide to help us explore its secrets. Bill McKibben
