Simple to follow, entertaining, and whimsicalBy C. SherrodI am so happy with this book. The applique patterns are very simple, but are well designed enough that there is no difficulty with knowing what is depicted, nor are they difficult to create. I especially love the mules and the farm children appliques and the little

stuffed mule toy is just an absolute bonus. Jodie's quilting and applique instructions are easy to follow and the projects themselves are not difficult to follow and I am a beginner quilter. All said, having grown up in cotton country with a family that raised mules, I love this book!

This sweet and simple pattern collection presents 12 adorable quilting and home-decoration projects inspired by the traditions, hospitality, and pure warmth of the cotton-growing states. A pretty and colorful mix of pillows, wall hangings, and pieced and appliqued quilts provide for fun and easy sewing, while a wonderful ten-block farm-sampler quilt evokes the gentle rhythms of life on a southern farm. Many projects can be completed in an afternoon, while others make for an enjoyable weekend of sewing. A primer on quilting skills presents all the help beginners need including quick-sew techniques such as rotary cutting, strip piecing, fusing, and raw-edge applique. Sprinkled throughout are period photographs of life in the South, as well as simple recipes, historical notes, anecdotes, mottos, and songs.
