Can't live without my Rand McNally By Brooke Parker As a Realtor, I use the map book on a daily basis to get zip code areas and getting more info on what areas they want to see. Had used the 2006 edition all this time, the new 5th edition is so much clearer and the colors are vivid, much easier to see. I keep the oldie but a goodie in the car just in case. And, yes, I do have GPS, but I'll never give up the map book! Ordering was very easy, also and it came in the time promised, thank you! 1 of 1 people found the following review helpful.
