I found it to be too large and as a result very hard to use in the car. Also some of the areas we visited (all very popular destinations, no remote locations) were not fully covered on one part of the map, so there was a LOT of odd folding and unfolding which resulted in the folds tearing very quickly. Perhaps paper quality was also a contributor to the seams tearing. It was a super fast paced trip with lots of area to cover and this map was a hindrance at times. I would love to revisit these areas with my children someday when they are less busy and would have very much liked to save this map for that future trip but it is a total loss.0 of 0 people found the following review helpful.
