Rand McNally : Rand McNally Folded Map: North Suburban Houston (Rand McNally Streets Of...) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Rand McNally Folded Map: North Suburban Houston (Rand McNally Streets Of...):

This is a useful map, easy to read, and readily available to those outside of Houston. It's easier than using a whole thick street atlas which makes you turn pages, and flip back and forth. It's also great to have before you travel there so you can readily understand the scheme of the entire community, so it can be a supplement to any GPS you might be using when you're. Many realtors used to offer realtor's maps which named every subdivision in detail; such maps are less and less common.Chances are you'll find it really useful.0 of 0 people found the following review helpful. Not what I was expectingBy Donna L YoungDifficult to handle; difficult to read = very small fonts. Was looking for a laminated map. I would not purchase again.0 of 0 people found the following review helpful. get it before you travel!By billskiIt's a good map. It seems that every bricks and mortar store and gas station in Houston doesn't have it in stock. They have the rest of the series. So buy it before you go to Houston.
