Needed general help with the city of Omaha. I can always use the computer and do but sometimes I do not have a computer at hand. GPS eats the battery of my smart phone in a hurry. Besides I like maps..always have. My husband never uses anything but a map.
1 of 1 people found the following review helpful. Was hoping for a more inclusive map of the greater Omaha area
By G\$Pros: This will get you through downtown and most of the immediate suburbs of Omaha.
Cons: This map goes deep into Iowa, well beyond Council Bluffs, but has nothing on West of S 168th st. Which is what I was particularly interested in. Was hoping for a large wall map to use as a reference.
