Rand McNally : Rand McNally Muncie/Marion Kokomo/Richmond Indiana: Local (Rand McNally Folded Map: Cities) before purchasing it in order to gage whether or not it would be worth my time, and all praised Rand McNally Muncie/Marion Kokomo/Richmond Indiana: Local (Rand McNally Folded Map: Cities):

Up till know Muncie had a dedicated map all to itself, at least between 1990 and 2001. In 2006 Rand McNally made a strange decision as many cities smaller than Muncie have Rand McNally maps all to themselves (say Roswell, NM or Capser, WY). Why does this matter though? Well it does, as now the scale is much smaller and many people have problems reading it. For that idea I would give the map 1 star. However, there is only one more map out there - Universal Map's Muncie. Sure, it's dedicated, but also much worse. So comparing just the quality of the maps, I would give Rand McNally 5 stars. Together it ended up at 3... It's a great map... but remember to take extra strong glasses if you don't have perfect sight!
