4 of 4 people found the following review helpful. excellant street mapBy Michael Mitchelthis map is excellant especially for finding streets and showing the entire city of albuquerque as well as rio rancho.its a very good map to use to locate any destination in the albuquerque metro area. it's just as good as an atlas butmuch lighter and much more compact.0 of 0 people found the following review helpful. Albuquerque city mapBy john pierceIt is very limited in its' scope. It shows only a very limited area and is not very detailed. No suburbs.0 of 0 people found the following review helpful. PerfectBy H. RehmThis will help on our trip in the fall. It is everything we expected and are very pleased with our purchase
