**Rand McNally : Rand McNally Tulsa Street Guide: Including Broken Arrow** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Rand McNally Tulsa Street Guide: Including Broken Arrow:

0 of 0 people found the following review helpful. Oldie but goodie By A. Wilcox Finally a paper map for Tulsa. It's a bit out of date with the points of interest (obviously, being from 2009), but the grid system doesn't change and there hasn't been a whole lot of new roads made. I'm just thankful to have something I can refer to when the Internet is inaccessible. 0 of 0 people found the following review helpful. Well worth the money. By Linda S. McBride My Grandson is graduating high school and will be attending a trade school away from home in Tulsa. Since I live in Oklahoma City I have little knowledge of Tulsa neighborhoods, Tulsa streets, or just how to get around. We will be using it so that we can help find a place to live in Tulsa (checking apartment locations) as well as for maps to drive. It is well organized and the print is large enough to read without getting out the magnifying glass! 0 of 0 people found the

following review helpful. Great tool for newcomersBy S. LarkinIf you are new to the Tulsa area, you need this guide! I loved the Thomas guides in California, and this is similar. The maps are clear and easy to read, and it's easy to follow a path from one page to another. I bought one for my husband when he started working here in January. He had been frustrated with not knowing how to get around in Tulsa. We've lived in small towns since we got married and this was the first time he had lived in a biggish city. He loved the guide. We have two and keep one in each car.

This Street Guide to Tulsa, Oklahoma takes navigation to the next level.Rand McNally Street Guides build on The Thomas Guide™ tradition that customers have come to trust and rely on. Sales people, delivery drivers, dispatchers and other residents are turning to Rand McNally to cross town more quickly. Features include: regular updates to ensure that new streets and points of interest are included; four-color maps for easy viewing; ZIP code boundaries, block numbers, highway exits, overpasses and underpasses shown on detailed maps; latitude and longitude notations that identify approximate global position; full index for easy location of streets and points of interest; foldout PageFinder™ map for quick and easy location of map pages; Cities and Communities: index to help users easily locate map pages; vicinity maps for overview coverage of surrounding areas; detailed map of downtown areas; consistent map scale from page to page; convenient lay flat special binding.
