John Brandi : Reflections in the Lizard's Eye: Notes from the High Desert before purchasing it in order to gage whether or not it would be worth my time, and all praised Reflections in the Lizard's Eye: Notes from the High Desert:

0 of 0 people found the following review helpful. EvocativeBy Edward C. CarpenterJohn Brandi's poetry is well-constructed; his prose might even be better! These essays pack a lot of life experiences since the poet moved to the Southwest. Those who live here will recognize with pleasure many of the things Brandi describes. Those who don't live there will be drawn to visit.2 of 2 people found the following review helpful. A journey into the soul of the high

desert it's peopleBy WilliamThis is a very beautifully written book that captures the mystery and magic as well as the majesty, beauty and solitude of the high desert and of the souls who exist there. John Brandi combines a gifted writing style with a depth of understanding of human nature, the high desert and the cultures who impact and are impacted by it. In addition John speaks with wisdom about Native American culture and the interaction with western culture from a spiritual perspective grounded in Buddhist sensibilities.

In this collection of essays, poet, painter, and world traveler John Brandi reveals his vision of the American Southwest, his home of thirty years. Brandi's lyrical writing captures the desert's wild, open spaces and leads readers into the abodes of remote desert dwellers.

"John Brandi is a gifted poet. In this collection he turns his talents to essays which read like extended haiku poems. The power of these prose-pieces left me awestruck and full of wonder! John is a shamanic guide into the seasons of the heart."
